The Shore Meets Mastery

INDIA'S LARGEST PROCEDURAL DERMATOLOGY CONFERENCE

Come for the Science | Stay for the Conversations | Leave Inspired, Upgraded & Connected.

REGISTRATION OPEN

www.acsicon2026.com

SUN

FEAR

LEARN

Welcome

Welcome to ACSICON 2026, the flagship annual conference of the Association of Cutaneous Surgeons of India (ACSI) - curated for discerning clinicians who value precision science, elevated discourse, and immersive learning. Set against the serene luxury of the Grand Hyatt Goa, ACSICON 2026 blends cutting edge procedural dermatology with an atmosphere of elegance, comfort, and inspiration.

This year's program is thoughtfully designed to deliver maximum clinical impact with minimum academic fatigue. Expect high touch, highly interactive sessions - live and recorded procedures, case led discussions, focused debates, and innovation showcases - crafted to translate seamlessly into real world practice.

Between sessions, indulge in refined hospitality, effortless networking, and the unmistakable Goa advantage - learn deeply, connect meaningfully, and unwind in style.

*Scientific
Programme
Highlights*

Where Precision Meets Innovation in Dermatosurgery & Aesthetic Science

Signature Mega Sessions

Face Forward: Mastering Facial Science & Aesthetics

From scars and pigmentation to rejuvenation and contouring - decode the art and anatomy of the face.

- Facial anatomy for scars, pigmentation & aesthetics
 - Atrophic and hypertrophic scar management
 - Facial pigmentation: lasers vs non-laser procedures
 - Rejuvenation with boosters, exosomes, threads & lasers
 - Double chin management and facial lifting procedures
-

Regional Anatomy Series

Anatomy-driven procedural excellence across every aesthetic zone.

Ear Keloids, fillers, auriculoplasty & beyond

Lips & Perioral Area Lip shaping, pigmentation, vitiligo & surgical pearls

Nose From rhinoplasty to reconstructive flaps

Scalp Injectables, alopecia procedures & scalp rejuvenation

Nails Precision nail surgery and laser applications

Genitalia Rejuvenation, pigmentation & procedural approaches

Trunk Body contouring, scars & truncal aesthetics

Hands & Feet Functional and aesthetic restoration of extremities

Aesthetic & Laser Innovations

Optimum Uses of Lasers in Dermatology

Harnessing energy-based devices for transformative outcomes.

- Pigmentary disorders
 - Scar revision
 - Laser hair removal
 - Acne & vascular lesion management
 - Rejuvenation technologies
 - Picosecond and next-generation lasers
-

Threads & Peels Masterclass

Lift, tighten, brighten - modern minimally invasive aesthetics.

- Threads for ptotic face & rejuvenation
 - Peels for pigmentation and anti-ageing
 - New-generation peels in practice
-

Botulinum & Fillers: The Art of Refinement

Precision injectables for balance, beauty and function.

- Upper, mid & lower face toxin techniques
- Non-cosmetic applications of botulinum toxin
- Facial fillers for all aesthetic zones
- Combination injectable strategies

Regenerative Dermatology

The Elixir of Regenerative Medicine

The future of healing, rejuvenation and tissue restoration.

- Exosomes & biomimetic peptides
 - PDRN & polynucleotides
 - Nanofat & stromal vascular fraction
 - Blood-derived regenerative therapies
 - Future directions in regenerative science
-

Regenerative Medicine: What's on the Horizon?

Emerging concepts redefining procedural dermatology.

Hair Science & Restoration

Beyond Transplants: Modern Hair Restoration

Comprehensive solutions for hair loss and scalp rejuvenation.

- Oral & topical therapies
 - Antiandrogens & nutraceuticals
 - PRP, GFC & microneedling
 - Hair camouflage & micropigmentation
-

Hair Transplantation: Evolving Techniques

From FUE basics to advanced reconstruction.

- Anaesthesia protocols
- Modified FUE techniques
- Non-scalp transplantation
- Managing complications

Precision Procedures & Surgical Excellence

Precision Procedures

Small procedures. Big impact.

- Nerve biopsy
 - Sclerotherapy
 - Intralesional cryo & radiofrequency
 - Dimple creation
 - Microblading
-

Grafts & Sculpting

Rebuilding contour, structure and confidence.

- Split-thickness & dermal grafts
 - Fat grafting basics and indications
 - Lipolysis and body sculpting
-

Skin Cancer Surgery

Oncologic precision with aesthetic sensitivity.

- Cancer assessment & conservative management
 - Flaps and grafts
 - Mohs micrographic surgery
-

Scar Revision Techniques

Turning difficult scars into refined outcomes.

- Excision & plasties
 - Lasers for scars
 - Injectables & regenerative approaches
-

Acne Scar Management

Comprehensive procedural strategies for challenging scars.

- Subcision & TCA CROSS
- Punch techniques & grafts
- Threads, peels & lasers
- Full-face resurfacing

Vitiligo Surgery & Advanced Techniques

Vitiligo Reverse Classroom

Interactive surgical learning powered by real-world videos.

- Punch grafting
- Suction blister grafting
- Epidermal & follicular cell suspension
- Hair transplantation in vitiligo
- Managing difficult sites and unstable vitiligo

Periorbital Aesthetics

Periorbital Mastery

Rejuvenating the most expressive region of the face.

- Xanthelasma & eyelid growths
- Blepharoplasty techniques
- Eyelash transplantation
- Eyebrow shaping & microblading

High-Impact Interactive Sessions

The Petcha Kucha Blitz: Hidradenitis Suppurativa

Rapid-fire learning with maximum clinical impact.

Derm Jeopardy – The Debate Club

Controversial conversations shaping the future of dermatosurgery.

Topics include:

- Regenerative medicine: hype vs reality
 - AI in dermatosurgery
 - Crossing procedural boundaries
 - Teaching procedural dermatology beyond specialties
-

Nightmare Session: Complications

Experts reveal their toughest cases and how they survived them.

- Surgical complications
 - Laser mishaps
 - Injectable disasters
-

Campfire Session: Challenging Procedural Cases

Audience-driven real-world problem solving with masters of the field.

Sundowner Idea Surfing

Innovation meets conversation.

Focused expert discussions in:

- Surgery
- Lasers & devices
- Injectables
- Regeneration

AI & The Future

AI in Dermatosurgery

Where technology augments precision.

- Cancer mapping with AI
- AI in aesthetic procedures
- Smart archiving systems
- Ethics & regulations in AI use

Academic Excellence & Learning Platforms

Paathshaala Series

Master the fundamentals from the legends.

- Basics of dermatosurgery
- Laser selection & settings
- Optimal injectable use
- Future regenerative therapies

Journal Club

Residents present cutting-edge advances in procedural dermatology.

Award Papers, Free Papers & Innovation Awards

Celebrating research, creativity and academic brilliance.

Pre-Conference Workshops

Hands-on Learning! Practical Pearls! Expert Guidance!

The conference features an extensive series of immersive workshops designed to provide practical training in dermatosurgery, aesthetics, lasers, regenerative medicine, hair restoration, and procedural dermatology. Delegates can choose from a wide spectrum of focused learning experiences tailored to beginners as well as advanced practitioners.

Botulinum Basics

Learn the foundations of botulinum toxin use, including facial assessment, injection principles, safety, and essential aesthetic applications for everyday practice.

Fillers – Basic

An introductory workshop covering facial fillers, patient selection, injection techniques, facial contouring principles, and complication prevention.

Vitiligo Surgery

A comprehensive surgical vitiligo workshop featuring punch grafting, suction blister grafting, epidermal and follicular cell suspension, melanocyte culture techniques, difficult-site vitiligo surgery, total depigmentation, and management of inadequately repigmented lesions.

Peels Workshop

Explore the science and practical use of chemical peels for pigmentation, acne, scars, rejuvenation, body peels, combination therapies, and management of peel complications.

Nail & Earlobe Surgery

Focused training in nail surgery techniques including biopsies, nail avulsion, matrixectomy, tumour removal, and injections into the nail apparatus, along with earlobe repair, piercing, and keloid management.

Lasers for Pigmentation & Hair Removal

Hands-on demonstrations and practical insights into laser applications for pigmentation disorders and laser hair reduction.

Suturing Workshop

A focused practical workshop dedicated to suturing techniques, wound closure methods, and surgical precision.

Lasers for Scar Revision, Acne Scars & Keloids

Advanced laser approaches for scar management, acne scar revision, hypertrophic scars, and keloid treatment.

Basic Dermatosurgery & Scar Revisions

Master the essentials of procedural dermatology including biopsies, mole removal, cyst excision, mucosal surgery, scar revision techniques, geometric scar reconfiguration, plasties, flaps, and OT complication management.

Botulinum - Advanced Applications

An advanced injectables workshop covering specialized toxin procedures such as masseter reduction, Nefertiti lift, and platysmal band correction.

Fillers - Advanced

A higher-level workshop on advanced filler techniques, facial sculpting, contour enhancement, and comprehensive rejuvenation strategies.

Hair Transplantation Workshop

An in-depth workshop on hair transplantation covering OT setup, anaesthesia, FUE punching, hairline design, implantation, body hair transplantation, advanced modifications, and complication management.

Artificial Intelligence Workshop

Discover the growing role of AI in procedural dermatology, aesthetic planning, diagnostics, workflow optimization, and future-ready dermatologic practice.

Fat Grafting Workshop

Comprehensive training in fat harvesting, processing, grafting techniques, lipolysis, autologous rejuvenation, and contour correction for both aesthetic and reconstructive indications.

Miscellaneous Dermatosurgical Procedures

A procedural workshop focusing on sclerotherapy for venous, lymphatic, and cystic disorders, including advanced indications and complication management.

Skin Cancer Surgery Workshop

Comprehensive training in skin cancer assessment, dermoscopy, excisions, flaps, grafts, Mohs surgery, conservative approaches, AI-assisted diagnosis, and management of surgical complications.

Lasers & Energy-Based Devices for Rejuvenation & Body Contouring

Aesthetic applications of energy-based devices for skin rejuvenation, tightening, contouring, and body sculpting.

Acne Scar Management Workshop

Stepwise management of acne scars using subcision, TCA CROSS, punch techniques, dermal grafting, lasers, monothreads, and full-face resurfacing approaches.

PRP, PRF & GFC Workshop

A regenerative medicine workshop covering preparation protocols, biologic principles, applications for hair restoration and skin rejuvenation, microneedling combinations, and advanced regenerative indications.

Regeneration Workshop

Explore emerging regenerative therapies and biologic approaches shaping the future of aesthetic and procedural dermatology.

Threads Workshop

Hands-on learning in thread lifting techniques, facial rejuvenation, tissue repositioning, and combination approaches for minimally invasive aesthetic enhancement.

Distinguished Faculty

Learn from pioneers and thought leaders in dermatosurgery,
lasers, aesthetics & regenerative medicine!

Name: Age: Gender: Male Female Dine preference: Non Veg Veg
 Name: Age: Gender: Male Female Dine preference: Non Veg Veg
 Name: Age: Gender: Male Female Dine preference: Non Veg Veg

Registration Category	Registration Fee
Accompanying Member (per head)	₹16000
Kids (Age<8)	Nil

Accommodation Fee:

Name of Hotel	Room Type	Rate per night	From	To	No. of Nights
Grand Hyatt Venue	Grand Room	₹ 16999			
	Grand Room - Bay View	₹ 18999			
DoubleTree by Hilton (15-20 mins from Venue)	5 Star	₹ 9999			
Hotel Maharaja (2-3 mins from Venue)	3 Star	₹ 4999			

Note: The above rate per night is fixed for stays on 3rd, 4th, and 5th September 2026. For additional nights, the rate may vary as per the hotel's norms.

WORKSHOP DETAILS (03 SEPTEMBER 2026 FORENOON)

Venue	Time	Workshop Name	Fee	Put ✓Tick
Hall 1	10.30 AM – 1.00 PM	Botulinum Basics Hands-on Workshop	₹ 8500	
Hall 2	10.30 AM – 1.00 PM	Fillers basic hands-on workshop	₹ 8500	
Hall 3	10.30 AM – 1.00 PM	Vitiligo surgery video-based workshop	₹ 2000	
Hall 4	10.30 AM – 1.00 PM	Chemical Peels advanced demo workshop	₹ 4000	
Hall 5	10.30 AM – 1.00 PM	Nail & Earlobe Surgery video workshop	₹ 2000	
Hall 6	10.30 AM – 1.00 PM	Lasers for Pigmentation, Hair removal demo workshop	₹ 4000	
Hall 7	10.30 AM – 1.00 PM	Lasers for Scar Revision, Acne scars & Keloids/ Hypertrophic scars demo workshop	₹ 4000	
Hall 8	10.30 AM – 1.00 PM	Basic Dermatosurgery & Scar Revisions video workshop	₹ 2000	
Hall 9	10.30 AM – 1.00 PM	Suturing Hands-on workshop	₹ 4000	

WORKSHOP DETAILS (03 SEPTEMBER 2026 AFTERNOON)

Hall 1	2.00 PM – 4.30 PM	Botulinum Advanced hands-on workshop	₹ 8500	
Hall 2	2.00 PM – 4.30 PM	Fillers advanced hands-on workshop	₹ 8500	
Hall 3	2.00 PM – 4.30 PM	Hair Transplantation video based workshop	₹ 2000	
Hall 4	2.00 PM – 4.30 PM	Artificial Intelligence video based workshop	₹ 2000	
Hall 5	2.00 PM – 4.30 PM	Misc Dermatosurgical procedures video based workshop	₹ 2000	
Hall 6	2.00 PM – 4.30 PM	Skin cancer surgeries video based workshop	₹ 2000	
Hall 7	2.00 PM – 4.30 PM	Lasers & Energy Based devices for Rejuvenation & Body Contouring) demo workshop	₹ 4000	
Hall 8	2.00 PM – 4.30 PM	Acne scar management video based workshop	₹ 2000	
Hall 9	2.00 PM – 4.30 PM	PRP, PRF, GFC demo workshop	₹ 4000	

WORKSHOP DETAILS (04 SEPTEMBER 2026 FORENOON)

Hall 1	8.00 AM – 10.30 AM	Regenerative therapy demo workshop	₹ 4000	
Hall 2	8.00 AM – 10.30 AM	Threads hands-on workshop	₹ 8500	
Hall 3	8.00 AM – 10.30 AM	Fat grafting video based workshop	₹ 2000
