About ACS(I)

The Association of Cutaneous Surgeons of India - ACS(I) - is the premier organization in the country devoted to the promotion and advancement of knowledge and skills in the field of surgical and aesthetic dermatology.

The aim of the association is to educate dermatologists, conduct conferences and workshops, promote research and assist in public health education in the field of dermatologic surgery and thereby, improve the quality of cutaneous surgery training in the country. ACS(I) is in existence since 1999. Its roots, however, go back to the last quinquennium of the 20th century when it was formed by the merger of two national bodies representing cutaneous surgeons in the country - the Association of Dermatologic Surgeons of India (ADSI)* and the Indian Academy of Cutaneous Surgeons (IACS)**, established in 1995 and 1996 respectively.

The Editorial

Dr Manas Ranjan Puhon
Secretary General, ACS(I)

Dear ACS(I) members

Jay Jagannath.

Greetings from ACS(I) secretariat.

I am happy to release the next issue of news letter of Association of Cutaneous Surgeons of India-ACSIPEN-2022, Volume 15, Issue 1. I am indeed privileged to be secretary of ACS(I) as well as editor of ACSIPEN-2022. It is hard to take this task from my predecessor, energetic and always enthusiastic Dr. Dinesh kumar Devaraj who has proved to be an efficient secretary of ACS(I) and editor of ACSIPEN whom I always complement for doing a wonderful job. I sincerely thank the last EC, specially Dr R Raghunatha Reddy, our immediate past president for constantly guiding me. The current EC including President Dr Shyamanta Barua sir and my good friend and treasurer Dr Debjit Kar are more than a family and supported me in every step.

This issue is being published just prior to annual conference of ACSICON 2022. It gives us great pleasure to invite you to the 20th Annual Conference of Association of Cutaneous Surgeons (I) on September 15, 16, 17 at Vythiri Village Resorts, Wayanad, Kerala. The conference will be hosted by the Malabar Dermatology Club (MDC) in association with the Association of Cutaneous Surgeons (I). Dr. Salim T, Organising chairperson and Dr Fivin Thanveer, Organising secretary have left no stone unturned to make it a memorable event with an excellent scientific feast. I thank the acsicon team for their efforts in this difficult scenario due to lots of restrictions from NMC. Hope this will create a new milestone in conference history.

This ACSIPEN is focused to sensitize the members about the matters related to ACS(I) and to encourage them to participate in the conference. The main purpose of the newsletter is to communicate to the members, all the current activities of our association and future projects. Dr. Shehnaz Arsiwala has done a commendable job as Editor-in-chief of JCAS and I must congratulate her and her entire editorial team for bringing out quality journal on regular basis. The ACS(I) Millennial and ZEN Z committees have done wonderful work for the young dermatosurgeons. The Facebook live programme and comic strips are highly appreciated by all. I thank the ACS(I) academy for the constant support for planning various scientific activities and evaluating the awards.

We have continued membership drive initiated by previous EC. We have been sensitizing all dermatologists in India to become ACS(I) members and presently membership number has touched 3000, and about 600 members have been added this year only. We are in the process of developing an app for smooth functioning of ACS(I) and easy dissemination of information among the members.

I thank, our President ACS(I), Dr. Shyamanta Barua for his constant encouragement and support for all the endeavours of ACS(I). He is the force behind all the activities. I also immensely thank our treasurer Dr. Debjit Kar who has always been maintaining record meticulously and trying hard for completion of timely auditing with the help from Dr Jagadish P. I also thank all Executive Committee members for their constant support and guidance. I consider myself privileged and fortunate to be associated with such an elite and highly experienced team of office bearers.

I appeal to all the members to contribute relevant article of academic importance for the next issue of ACSIPEN.

Looking forward to meet you all at Wayanad, during ACSICON 2022. Jai Hind, Long Live ACS(I)

***Dr Manas Ranjan Puhan
Secretary General, ACS(I)***

Presidential Note

Dr Shyamanta Barua
President, ACS (I)

Dear Colleagues,

At the outset, let me express my heartfelt thanks to all my fellow members of the ACS(I) National Executive who have been working as a cohesive unit to steer the association to newer horizons. I am blessed to have the wise counsel of our Immediate Past President – Dr. R. Raghunatha Reddy – for various issues. Our Secretary General – Dr. Manas Ranjan Puhan – has been the hardworking fulcrum of the ACS(I) Secretariat and our Treasurer – Dr. Debjit Kar – has been meticulously managing our finances. My special thanks to both of them. Our Vice Presidents – Dr. Shashikumar BM and Dr. Jagadish P – have lent their experience to the planning and execution of programs while our Joint Secretaries – Dr. Jaishree Sharad and Dr. Rema Devi TJ – have coordinated the activities of Committees.

The ACS(I) Academy of Dermatosurgery, led by Dr. Swapnil Shah and Dr. Anal Jyoti Bordoloi as its Chairperson and Convener respectively, has evaluated the academic submissions for the plenary events of this conference. The Academy is clearing the COVID-induced backlog of ACS(I) Observerships and is rolling out fresh applications for the same. Several academic programs are also in the pipeline.

The flagship journal of our association - Journal of Cutaneous and Aesthetic Surgery - continues to soar high and now has an Impact Factor of 1.11. I congratulate our Outgoing Editor-in-Chief - Dr. Shehnaz Arsiwala - for her successful stint despite the challenges posed by the COVID pandemic and the move to the new online submission platform. I also take this opportunity to welcome on board our Incoming Editor-in-Chief - Dr. Sandeep Arora.

The ACS(I) Millenials, led by Dr. Saloni Katoch as its Chairperson and Dr. Preethi B Nayak as its Convener, has been working passionately to reach out to all young dermatologists who are in their early years of academics and practice with various innovative programs and initiatives. The Newsletter – ACS(I) for You(th) – is one such endeavour. The ACS(I) Gen Z team, with Dr. Kinnor Das and Dr. Arunima Ray as its Chairperson and Convener respectively, has also come out with its Newsletter - the Gen Z Chronicles – that offers a platform for our young residents to identify with our association. I am sure both these youth wings will shape up further to be the driving force of our association in the coming days.

ACS(I) has grown steadily over the years since its birth at the turn of the millennium and now is poised to take off from here on and soar into the vast expanse of knowledge and skills. My appeal to all members – check in and join us aboard this exciting flight. Together we shall take ACS(I) to newer heights.

On this note, I conclude by seeking your support, cooperation, and guidance to translate our vision of a cohesive, progressive, responsive and vibrant ACS(I) into reality.

Long live ACS(I)!

Dr. Shyamanta Barua

ACS(I) Official meetings

EC meeting on 14.9.21, 21.12.21, 1.2.22, 31.5.22
ACSICON 2022 meeting 10.3.22, 21.4.22

The ACS(I) EC is working constantly for betterment of the association. Various activities including Facebook live and Jugged in my skin competition carried out by the Millennial committee. Newsletter of Millennial and ZEN Z committee are going to be released in AGBM. Various comic strips have been published. All awards have been evaluated by academy and the certificates will be given during ACSICON 2022. The prestigious AIDQ-2022 programme conducted smoothly and the best 8 teams selected by the quiz masters. The account opening is complete with lots of difficulties and now onwards all transactions will be from new Indusland bank account. Many programmes are in pipeline and we are trying to finalise pharma participation for various workshops. The ACSICON 2022 team had done an excellent job and I wish the conference a great success. The venue visit to Nagpur is successful and details will be tabulated during AGBM. The first of its kind ACSICON 2021 was a huge success and the report is also placed in this ACSIPEN. They have contributed about 20lakhs for the association.

The official APP of ACS(I) is planned to be launched during ACSICON 2022 for smooth transmission of information to the members and also easy handling of new member applications.

MINUTES OF THE ACSI EC MEETING 31ST MAY 2022

Presided by Dr Shyamanta Barua

Members participated include Dr Shahanas, Dr Manas, Dr Jagdish, Dr Swapnil, Dr Debjit, Dr Sashikumar, Dr Anal, Dr Jaishree, Dr Anal and Dr Remadevi

First topic taken up was regarding the Chairperson of the next Acsi conference. Dr Saoji resigned from the post of chairperson. Dr Riswan has agreed to be the chair person. Dr Swapnil said that the organizing committee of the conference is eagerly waiting for the venue inspection by the Acsi.

2 venues were suggested. Inspection could be done after the CDSI conference. It was decided that only few members need to go for the inspection. A tentative date of 26th June was fixed.

CC meeting of ACSI was proposed to be held in July. Dr Manas suggested a workshop on Saturday and CC meet on Sunday. Suggested place of meeting included Bhubaneswar, Bangalore and Mumbai. Dr Sashi suggested an online meet for the CC since AGBM is to be held just 2 months later. Since the expenses of the Saturday workshop and Sunday meeting including the food and accommodation would be 7 to 8 lakhs ..all agreed to have an online meet on July 10th Sunday from 10 am to 3 pm. Dr Shehanaz spoke about the journal and the technical glitches associated with it being solved. Apparently about 200 articles have been received and approximately 100 were accepted. There will be 20 articles per issue. 60-70 percent original articles. It was decided to include case reports in the present journal itself. There will be no separate case report journal. Can probably increase the number of articles per issue and perhaps can issue supplements. Contract with Walter Kluwer was renewed in 2021.

Dr Shyamanta pointed out that we should send a mail to them. Dr Swapnil mentioned about inviting fresh reviewers for the journal. Dr Shahanas had discussed with Walter Kluwer to issue certificates to reviewers but they were not happy about it. ACSI members could opt for print copy or ejournal on the website.

ACSI prelim quiz was decided to be held on 10th July. the prelims would be online quiz for 1hour in the morning. Top 8 teams will be selected. Dr Manas suggested involving IPCA and their tech team. Dr Shyamanta suggested that a fixed amount could be given to the participants for travel and accommodation for the finals. Registration is complimentary. Dr Swapnil suggested cheque to be given on the day of quiz would be approximately 10000 per team. Dr Shyamanta asked Dr Manas to circulate the MOU in the EC group and after discussion in EC group , Dr Manas could talk to ipca. Regarding insurance proposed that after CDSI conference ACSI could talk with insurance providers

MOU with insurance providers to be put in group for discussion. Nagpur conference venue visit being finalized for 19th June and formal communication to be given to them. President Secretary and one vice president to go Regarding observership program official mail to all centers to ask them submit fresh application to be done before 10th June. Vitiligo Day cme to be conducted in Rourkela announced by Dr Debjit. Sponsors have agreed to give 75000 as royalty Dr Shyamanta suggested activities such as walkathon and cyclathon for vitiligo day Dr Swapnil suggested posting photos/videos of vitiligo surgery at pan India level Dr Manas said there could be tie up with Pharma for publishing these photographs Dr Anal discussed the accounting of Acsi con Dr Shaymanta directed to close the existing account and to open a fresh account.

Meeting concluded by 10 .30 pm.

 3. Dr Manas Chatterjee
- EC coordinator - Dr Shashi Kumar B M

The average income from conference, journal expenses and average new membership per year were considered. After elaborate discussion the following were suggested

1. Membership fee can be increased to Rs.10,000/- from existing Rs.6,000/-
2. 18% GST shall be applicable on above fee.
3. Additional application processing fee shall be added on the above rates.
4. This shall be implemented from 1st April 2022.
5. 25% of the above fee shall be kept apart for JCAS.
6. Also, 20% of the conference surplus shall be given to journal. This can be brought as new proposal in the next AGBM.

Report of Honorary Treasurer

Dr Debjit Kar
Treasurer, ACS (I)

Dear members

Festive meetings from steel city of Rourkela.

As we embark on a fresh journey ahead, free from fear and apprehensions of Covid after two tumultuous and forgettable years. It was a proud privilege for me to take over as the Treasurer of our esteemed association at ACSICON 2021, Guwahati.

It was a bit unnerving in the beginning but under the able guidance of all EC members especially our past treasurer, Dr Jagdish Gowda and our Man Friday, Dr Shashi Kumar BM who helped me with the initial baby steps in this post , training me from Surgical skills to basics of Financial skills.

After much ordeal we could finally open a new account of ACS(I) at IndusInd bank, Cuttack., the initial mandatory hiccup for every new EC. Special thanks to our Secretary General Dr Manas Ranjan Pahan for going all out for it .

We retained our past auditor, in consultation with all the EC members for smoother transition of financial accounting works , maintaining continuity and avoiding delay in transferring these to a new team .

The last year was financially tough because of prevailing conditions, world over. With less opportunities for physical academic activities our earnings took a beating and gave us Pyrexia of known origin COVID, financially.

We received a tall and handsome amount of approx Rs 21 lacs from team ACSICON, Guwahati., one of the first Physical conference post Covid. Kudos to them for pulling it off. We also received sponsorship and royalty from IPCA ACSI quiz & few other academic activities.

All pending dues of Wolters Kluvers for JCAS, were cleared. All taxes were settled on time. Last but not least my gratitude to our President Dr Shyamanta Barua for pressing the accelerator, brakes and clutch at the right time always

Looking forward to a brighter and greener financial days ahead for our association.

More power to ACS(I) and it's members. Stay Dermatosurgically sharp and precise .

Dr Debjit Kar
Treasurer , ACS(I)

JCAS Report

Dear members

This is my last report as an Editor in Chief of journal and aesthetic surgery and the post has humbled me with all the experiences and responsibilities

I have completed my 3-year tenure in succession to Dr Imran Majid and took up the reigns of this very esteemed and prestigious journal of cutaneous and aesthetic surgery in oct 2019 .

This has been a great curve for growth both personally and professionally as our editorial team received, reviewed and published a great variety of articles from our esteemed colleagues all over the world from dermatologists to plastic surgeons and allied fields pertaining to cutaneous and aesthetic surgery.

This period between 2019 to 2022 also faced the covid 19 pandemic which changed lives and practices for many people across the world and saw challenging times for the health care world . The pandemic bought dermatological and aesthetic procedures to a standstill globally with losses of practices and lives of many from and outside our field. Interventional physicians faced tough challenges to restart procedures with new safety protocols and new guidelines came into action. This phase of our journal saw a huge surge in number of submitted articles both covid related and non-covid related, procedure protocol related, new innovations for safety and guidelines were published. We have also published a number of guidelines and articles related to safe practices during the COVID 19 pandemic.

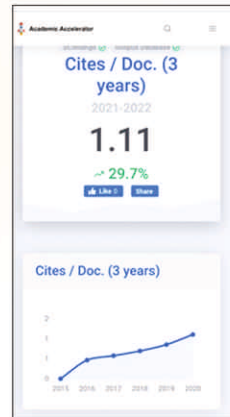

Our editorial team has worked tirelessly though these challenging times and were successful in timely release of 12 issues of the journal. The editorial team has handled around 400 articles with reviews and rereviews to put together the issues which were well appreciated. A mammoth responsibility as our editorial team of assistant and associate editor's micromanages internal reviews and an exhaustive list of reviewers whom I am grateful for timely external and peer reviews which bring the journal to the next level. The advisory opinions are crucial during difficult stages to make absolutely perfect articles available to our readers. The number of articles published per issue have risen from 12 per issue in 2019, to around 18 per issue in 2020 and 23-25 articles per issue in 2021-2022.

TOTAL ARTICLES IN NEW WEBSITE	164 FOR YEAR 2022
ACCEPTED	20
REJECTED	52
UNDER REVIEW	92

The phase also saw migration of the journal from old website to new online submission site which was very friendly and easy to operate but came in with some challenges as most of publishing team were working from home during the pandemic and some lives were lost to the pandemic.

We are very proud to announce that the impact factor of our journal increased from 0.83 to 1.11 and growth by 29.7% in 2021 to 2022

Journal of Cutaneous and Aesthetic Surgery
Journal Impact 2021- 2022 | Metric, Prediction & Ranking
1.11 INCREASED BY 29.70%
IMPACT FACTOR 2019 WAS 0.83

I sincerely thank all the office bearers of association of cutaneous surgeons of India ACS I TEAM who have supported the JCAS journal and the entire editorial team wholeheartedly .

With a heavy heart I hand over reigns of this journal to our upcoming editor in chief Dr Sandeep Arora, I am greatly indebted to all the authors, reviewers and advisors who have immensely contributed with vast knowledge, experience, innovation and research to shaping this journal to its present status.

I wish Dr Sandeep Arora and his team great success.

We thank Dr Shyamantha Barua our ACSI president and Dr Manas Puhan our secretary for extreme support for smooth functioning for the JCAS

At the end of my tenure, I ask for forgiveness to all those authors who submitted their work but could not be published, or any delay or shortcomings they faced pertaining to their submissions in my tenure.

As my late father , a doctor himself always said "A spoken word is always forgotten but a written word stays archived in history of journals for ever!

I encourage all indian dermatologists to publish more.

I am glad that I could contribute this much to literature in cutaneous and aesthetic surgery!

Long live ACS (I)

Good bye and thank you

4 National faculties graced the occasion namely Dr Siddhartha Das, Dr Manas Chatterjee, Dr Somesh Gupta and Dr Anupam Das, along with dermatologists across Odisha. It was a hybrid conference with live streaming of the sessions. It was followed by a patient interaction session by Dr Manas Chatterjee, Dr C S Sirka & Dr Debjit Kar.

The highlight of the event was "Vitiligo Premier League" a novel way of Panel Discussion with academics and a touch of fun , which left the audience in splits .

**REPORT ON Dermoscopy & Trichoscopy Workshop at
Command Hospital Air Force Bangalore on 23 October 2021
under the aegis of ACS(I)**

Dr Debdeep Mitra
Professor Dermatology
Command Hospital Air Force
Bangalore

1. Introduction: Department of Dermatology Command Hospital Air Force Bangalore had organized a Dermoscopy & Trichoscopy Workshop on 23 October 2021 under the aegis of Association of Cutaneous Surgeons of India (ACSI).
2. Info of place/events: The workshop was organized at Sushruta auditorium, Command Hospital Air Force Bangalore between 4.30 pm and 8 pm and was followed by dinner at Air Force Officers' Mess, Trinity circle Bangalore.
3. Details of workshop: The workshop was attended by about 59 delegates and about 40 invited guests mostly comprising faculty members of various medical colleges and senior private practitioners. Dr Manas Chatterjee, Dr Balachandra S Ankad and Dr Debdeep Mitra presented at workshop. The workshop began by welcome address by Dr Anuj Bhatnagar, Prof & HoD Dermatology, Command Hospital Air Force Bangalore and this was followed by auspicious lamp lighting and Saraswati Vandana. All the faculty members and senior academicians were thereafter felicitated. The LED screen was the highlight of the workshop as this workshop was predominantly based on visual observation.
The workshop began with presentation on basics of Dermoscopy by Dr Balachandra S Ankad and this was followed by Inflammascopy by Dr Manas Chatterjee, and thereafter trichoscopy was discussed in detail. This was followed by a discussion on artificial intelligence based software on trichoscopy. There was a live interactive session thereafter in which about 25 patients were discussed hands on and participants were encouraged to clear their doubts. Practical aspects and were discussed in detail and it was a workshop which dealt with the idea of "Bench to Bedside" in true spirit and application. The workshop concluded around 8pm after a vote of thanks and it was followed by banquet dinner.
4. Registration Fees: Rs 1000 for ACSI Members and Rs 2000 for Non ACSI members. This fee structure was incorporated to encourage more doctors to join as members.
5. Feasibility in ACSI set-up: Dermoscopy has become a necessary tool for dermatologists and a mandatory subject during Post Graduate Training. It has transformed the field of diagnosis, therapy and prognosis for several dermatological conditions. This workshop was a focused event

and PG students and practitioners had an opportunity to learn from the experts who were the best in the field. The entire workshop has been recorded and can be hosted on the ACS website for the members to access it. ACS membership was also encouraged amongst the delegates so that they can avail discounted rates in future workshops amongst host of other membership benefits.

6. Recommendations: The utility of dermoscopy and trichoscopy was well understood as it was a focused learning exercise. The hybrid workshop was well attended and delegates thoroughly learnt the concepts from the experts. Such focused physical meetings can be planned in near future.

7. Summary and conclusion: Dermoscopy & Trichoscopy workshop organized on 23 Oct 2021 at Command Hospital Bangalore was a physically attended conference after a long break due to the ongoing pandemic. It was a great learning experience as the experts were the best in this field. Live patient interaction and active delegate participation added to the academic extravaganza. ACS support and constant guidance from President, Dr Shyamanta Barua, Hon. Secretary General, Dr. Manas Ranjan Puhon, Imm. Past President, Dr R Raghunatha Reddy, Dr. Savitha Somaiah, Dr Anal Jyoti Bordoloi & Dr Jagadish P Gowda was the guiding force behind the success of this workshop.

Proposals for AGBM 2021

Proposal 1: Membership fees hike

Proposed by: Dr. Shyamanta Barua [AS/ACSI/417]
Seconded by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Dr. Manas Ranjan Puhan [OR/ACSI/859]

Proposal: **Increase LM and PLM fees to Rs. 7000/-**

How will it help ACS(I)?: With the onset of the pandemic, the revenue for ACS(I) is shrinking. The membership fee of Rs. 6000/- for LM & PLM is in place since 2019 and is very low compared to other Dermatology Associations in India and abroad. We propose a hike to Rs 7,000/- for both LM and PLM.

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM. The Constitution mentions that a member will enjoy all the privileges of a life member by making a onetime payment of Indian Rs. 6000/- to be revised every three years by 15% increase after approval by AGBM. The last hike was done in April 2019. Therefore, the next hike can be implemented from next financial year (1st April 2022).

Discussion: Dr. Mysore agreed that there should be a hike in the fees but was not convinced that this marginal hike would be of much benefit. Dr. Reddy pointed out that as per constitution the maximum allowed hike can be 15% only. Dr. Shyamanta opined that the GB has the mandate to raise this 15% cap if it deems necessary. Dr. Shashikumar suggested to form a Committee to study the quantum of fees hike and then implement this.

Decision: It was decided that a committee of three Secretary Generals will be formed as per constitution and they will arrive at a final decision about the fee hike and it will be applicable from 1st April 2022 onwards.

Proposal 2: Membership fee payment service charges to be borne by prospective members

Proposed by: Dr. Jagadish P [KN/ACSI/1493]
Seconded by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Dr. Dinesh Kumar D [TN/ACSI/594]

Proposal: Service charges (GST and portal fees) of membership fee payment to be borne by applicant

How will it help ACS(I)?: The membership is paid by the applicant in our website directly to the ACS(I) account through Razorpay portal. As of now, ACS(I) pays the service fees to Razorpay. The applicant can be made to pay the service charges alongwith the membership fees. Further, GST has to be paid on membership fees. This will help cut the revenue loss.

Constitution Committee opinion: It is an administrative matter. EC can decide in consultation with CFC.

CFC: To discuss in AGBM

Decision: Accepted by the GB

Proposal 3: Official Email ids for President, Secretary, Treasurer and Academy

Proposed by: Dr. Shyamanta Barua [AS/ACSI/417]
Seconded by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Dr. Dinesh Kumar D [TN/ACSI/594]

Proposal: Create Official Email ids for President, Secretary, Treasurer and Academy

How will it help ACS(I)?: Creating official Email ids for President, Secretary, Treasurer and Academy using the ACS(I) Website portal will help maintain a continuity and a professional outlook for ACS(I).

Constitution Committee opinion: It is an administrative matter. EC can decide.

Decision: **Accepted by the GB**

Proposal 4: Continuation of ACS(I) COVID-19 Benevolent fund

Proposed by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Seconded by: Dr. Dinesh Kumar D [TN/ACSI/594]
Dr. Jagadish P [KN/ACSI/1493]

Proposal: Continuation of ACS(I) COVID-19 Benevolent fund

How will it help ACS(I)?: The ACS(I) COVID-19 Benevolent fund that was instituted last year needs to be continued. This is one of the ways ACS(I) can directly reach out to its members who fall victim to SARS-CoV2.

Constitution Committee opinion: It is an administrative matter. EC can approach AGBM after approval of CFC.

CFC: No objections

Decision: **Accepted by the GB**

Proposal 5: Reduction of print copies of JCAS and other ancillary matters

Proposed by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Seconded by: Dr. Shyamanta Barua [AS/ACSI/417]
Dr. Shehnaz Arsiwala [MH/ACSI/492]

Proposal:

- **Convert JCAS subscription to yearly paid subscription for all members**
- **Print copies of JCAS by member choice** - member to click for receiving print copy on ACS(I) website
- **Paid subscription of JCAS for all new members**
- **Nominal fee from authors after acceptance towards printing charges**
- **Author consent to ahead of print copies for online format only; and print copies of same to be paid for**

How will it help ACS(I)?: We have 2250 members and all have paid one-time membership fees. The revenue for ACS(I) & JCAS is shrinking. The cost of publishing and printing JCAS is increasing. Reduction in number of JCAS print copies will be financially viable. Further, many members prefer e-copies rather than print copies. As per the new MoU with Wolters Kluwer we need to print a minimum of 900 copies. Therefore, we can reduce the number of print copies and help cut down costs. Moreover, paid print subscription can sustain the print journal.

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM.

Decision: **The GB rejected the proposals and suggested that an option for opting out of receiving regular print copy of journal be made available on the website. Any member can opt out of receiving the print copy of JCAS after logging into the website.**

Proposal 6: Creation of new committees

Proposed by: Dr. Shyamanta Barua [AS/ACSI/417]
Seconded by: Dr. Manas Ranjan Puhan [OR/ACSI/859]

Dr. Dinesh Kumar D [TN/ACSI/594]

Proposal: We propose the formation of the following committees: Media Cell, Practice Management Committee, International Liaison Committee, Government Liaison Committee, ACS(I) Millenials, ACS(I) Gen Z. The Chairperson, Convener and members of the committee will be selected by the incoming EC.

How will it help ACS(I)?: The ACS(I) Constitution lists the Constitution and Finance Committees for reconstitution with every new EC. We propose the formation of other new committees for better functioning and streamlining of ACS(I) administration.

Constitution Committee opinion: It is an administrative matter.

Decision: **Accepted by the GB**

Proposal 7: International Observerships

Proposed by: Dr. Dinesh Kumar D [TN/ACSI/594]
Seconded by: Dr. Shyamanta Barua [AS/ACSI/417]
Dr. R Raghunatha Reddy [KN/ACSI/355]

Proposal: To start Observership programs for international dermatologists in few reputed centers in India. The modalities of fees, NMC and Government of India approval to be worked on by EC and relevant committees.

How will it help ACS(I)?: India is a leader among the SAARC Countries and dermatologists in the SAARC region look up to Indian dermatologists for learning especially Dermatosugery and Aesthetic Dermatology Procedures. ACS(I) can disseminate the knowledge and help train dermatologists from foreign countries especially those in SAARC region. This will bolster the image of ACS(I) and India internationally.

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM.

Decision: **Accepted by the GB**

Proposal 8: Streamlining the ACS(I) Observership Program

Proposed by: Dr. Savitha A S [KN/ACSI/771]
Seconded by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Dr. Swapnil Shah [MH/ACSI/400]

Proposal: We propose to streamline the Observership Program and have guidelines in place to reflect the current situation.

How will it help ACS(I)?: ACS(I) Observerships are a very popular flagship program of ACS(I). The rules and regulations governing the program have not been updated in the recent years. For better functioning and ease, the Observership Program guidelines must be revised periodically.

Constitution Committee opinion: Nil

Decision: **Accepted by the GB. The Academy can be asked by the EC to revise the guidelines.**

Proposal 9: Institution of ACS(I) Lifetime Achievement Award

Proposed by: Dr. Shyamanta Barua [AS/ACSI/417]
Seconded by: Dr. Swapnil Shah [MH/ACSI/355]

Dr. Dinesh Kumar D [TN/ACSI/594]

Proposal: We propose that an ACS(I) Lifetime Achievement Award be instituted as the highest honour of the association.

How will it help ACS(I)?: Lifetime Achievement Award will enable ACS(I) to honour its members who have contributed to the growth of the association and specialty through his administrative and academic contribution over a lifetime. This award will be the highest honour in the Association and awardees will inspire members to strive harder for the betterment of the association and specialty.

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM.

Decision: **The GB accepted the proposal in principle but asked the EC to formulate guidelines for the award.**

Proposal 10: Fresh timeline for ACSICONs and ACS(I) Central Council Meeting

Proposed by: Dr. Shyamanta Barua [AS/ACSI/417]

Seconded by: Dr. Swapnil Shah [KN/ACSI/355]

Dr. Dinesh Kumar D [TN/ACSI/594]

Proposal: We propose the month of September every year for hosting ACSICONs and March for the Mid Term meeting of the ACS(I) Central Council.

How will it help ACS(I)?: The window for hosting ACSICONs was shifted from November-December to April to avoid the event clashing with CUTICONs of IADVL State Branches. However, the past several ACSICON OCs had issues with fund collection as most industry houses cite end of the financial year as an excuse to avoid or delay payments. Moreover, in these virtual times, some or the other event in our composite specialty are held almost every week of the year. Furthermore, considering that ACSICON 2021 is being held in September this year due to the pandemic, shifting future ACSICONs to September will offer breathing space to the organizing team to plan and mobilize funds for the event. The Mid Term meeting of the ACS(I) Central Council is scheduled for November as per the Constitution. Shifting this to March will space it out from the ACSICONs if the house accepts the fresh window of September.

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM.

Decision: **Accepted by the GB**

Proposal 11: Conduct of ACSICON 2022

Proposed by: Dr. T. Salim [KR/ACSI/369]

Seconded by: Dr. K. Feroz [KR/ACSI/912]

Dr. K Fabin [KR/ACSI/923]

Proposal: This proposal is from the organizing team of ACSICON 2022. As ACSICON 2021 is organized in September 2021, we do not have sufficient preparation time to conduct the next meeting in April, as per the conference calendar. We request the house to consider our proposal to organize ACSICON 2022 in September at Wayanad Hills, Kerala.

How will it help ACS(I)?: it will facilitate sufficient time for smooth organization of next Annual Conference of ACS(I).

Constitution Committee opinion: Proposal can be taken up for discussion in AGBM.

Decision: **This proposal becomes superfluous since the house has already accepted the proposal for shifting ACSICONS to September every year.**

Proposal 12: Allotment of 10% of membership fees and ACSICON savings towards JCAS

Proposed by: Dr. R Raghunatha Reddy [KN/ACSI/355]
Seconded by: Dr. Shehnaz Arsiwala [MH/ACSI/492]
Dr. Venkataram Mysore [KN/ACSI/276]

Proposal: **To allot 10% of membership fees and ACSICON savings to JCAS**

How will it help ACS(I)? We have 2250 members and all have paid one-time membership fees. On one hand, the revenue for ACS(I) & JCAS is dwindling in these pandemic times while on the other hand, the cost of publishing and printing JCAS is increasing. Pharma companies are not willing to sponsor. Therefore, there is a need to strengthen finances for JCAS.

Decision: **The allocation percentage was felt to be arbitrary by the GB and therefore rejected. The Committee formed for membership fee hike was empowered to factor in JCAS funding while arriving at the final revised fees.**

JCAS Editor-in-Chief Selection Committee:

Chairman: Dr. Venkataram Mysore
Convener: Dr. Imran Majid
Members: Dr. Narendra Patwardhan
Dr. Somesh Gupta
Dr. Manas Chatterjee
Dr. Shehnaz Arsiwala
Ex-officio: Dr. R Raghunatha Reddy
Dr. Dinesh Kumar D

The Committee selected Dr. Sandeep Arora as the Editor Select to succeed Dr. Shehnaz Arsiwala.

ACS(I) Elections:

Election Officer: Dr. Manas Chatterjee
Returning Officer: Dr. Dinesh Kumar Devaraj
Election Observer: Dr. Koushik Lahiri

The Election Officer – Dr. Manas Chatterjee – declared the following members elected to the respective posts of the new ACS(I) National Executive:

ACSICON-2023 Venue Visit

On 19th June 2022 the central ACS(I) committee members comprising Dr Shyamanta Barua, President ACS(I), Dr Manas Ranjan Puhan, Secretary General ACS(I) and Dr P Jagadish, Vice President ACS(I) visited Nagpur Maharashtra for finalising ACSICON 2023 venue at Nagpur. The ACSICON 2023 organizing team comprising of Chairman Dr Rizwan Haq, Secretary, Dr Nitin Barde, Treasurer, Dr Reyaz Aamir and scientific Chairperson Dr Sanjeev Choudhary accompanied them to the venues which were already selected by organizing team. AIIMS Nagpur was finalized for conducting the workshops.

For the conference 3 places were visited to look at the facilities and feasibilities.

Chitnavis Center in the heart of the city has 3 halls of 250 - 300 capacity. It was not considered as an alternate dome arrangements of larger sitting capacity would be required.

The second venue Surabardi lawns was not considered as the distance from the city was a bit far and there were not adequate hotels and staying arrangements nearby.

The 3rd option Empress lawns was considered as a better venue with regards to accessibility and location. However the committee pointed out about certain lacunae specifically lack of toilet facilities and certain constraints in space as regards exhibition area.

In the evening a memorandum of understanding was signed between ACS(I) President, Secretary and ACSICON 2023 organizing chairman and secretary.

Meanwhile the organizing committee ACSICON 2023 informed the ACS(I) President and secretary about the availability of another venue.

The Eden Greenz lawn and golf course was selected by the Nagpur organizing team for its better infrastructure and accessibility. During the visit of ACS(I) team the above mentioned venue was not physically shown as there was a shift in management and the venue was not operational during covid times.

At the virtual meet held with the ACS(I) office bearers this venue was presented and discussed.

So the organizing committee of ACSICON 2023 went ahead in finalizing this venue.

ACSICON - 2021

Welcome to ACSICON 2022

We present to you, a conference with a difference...

It gives us great pleasure to invite you to the 20th Annual Conference of Association of Cutaneous Surgeons (I) on September 15,16 and 17, 2022 at Vythiri Village Resorts, Wayanad, Kerala. The conference is hosted by the Malabar Dermatology Club (MDC) in association with the Association of Cutaneous Surgeons (I). MDC is a vibrant team of dermatologists who are actively involved in disseminating scientific knowledge to professional colleagues in dermatology.

With a legacy of several path-breaking conferences to our credit, we are charged up to present yet another academic feast. Conferences hosted by us have been innovative, offbeat and have set benchmarks in the past.

Cutaneous surgery and non-invasive procedures are an emerging and rapidly expanding branch of our specialty. Cutting-edge research has influenced the way we treat patients in a big way. We are in a new era with numerous resources, technologies, and boundless potential. This conference aims to venture more into the newer avenues of knowledge while consolidating what is already known, based on the experience of our peers.

We have over 1000 registered delegates and 160 faculty members attending the event. There are 14 workshops giving in-depth information about cutaneous surgery, aesthetics and photography. Master courses will be held on Hidradenitis suppurativa and Scar. Each session will be followed by interactive panel discussions giving opportunity for the delegate to learn.

Teeming with exciting events, ACSICON 2022 will have ample opportunities not only for scientific debate but also for rejuvenating your body and soul.

The conference starts on Thursday afternoon continue through Friday and Saturday, culminating on the final night with a gala dinner. Sunday is set apart for a well-planned sightseeing opportunity and is meant for rest, rejuvenation, and relaxation.

Join us to witness the cutting-edge procedures and techniques as well as the next generation of exciting products and equipment, all of which will prepare you to offer better service to your patients while experiencing nature through nature's eyes. We promise you an experience that will forever hold a place in your hearts.

Looking forward to see you at Vythiri...
